

Make a time capsule

by Moggie Li

Jar

Make a memory capsule to open in a year's time and see how much you've changed!

Suggestions for things to include are illustrated on this page. Take a clean jar and pop all the bits inside. Take a piece of paper and write some information about yourself. Turn the paper over and draw around your hand. Cut a piece of cardboard and write next year's date on it so you don't forget to open it!

Write your name

Write your weight

Write your height

What is your favourite food?

What is your favourite subject?

Add some of your own questions!

Countdown

A newspaper clipping

Drawing of your family

Small toys

Turn over the paper and draw around your hand!
